PEA Small Business Energy Program

HERE'S A BRIGHT IDEA:

Cut your energy cost by up to 30% plus
enhance the look of your business!

"Not only did we see a 30%
reduction in our energy
bills, but the upgrades have
kept our business cool
in the heat of the summer."

Mike Scotese, Owner, Grey Lodge Pub

This restaurant owner
is now saving
\$6,000 a year.

Saving on energy costs and receiving financial assistance is easier than you think! The PEA Small Business Energy Program can help!

Did you know? Installing new energy-efficient equipment in your business will:

- 1 Enhance the ambiance and attract customers
- 2 Improve safety and visibility of interior and exterior areas
- 3 Reduce the need for equipment replacement
- 4 Lower your air conditioning load and energy usage
- 5 Improve air quality and comfort

Achieving all of this is easier than you think. We take care of everything!

HERE'S WHAT WE DO:

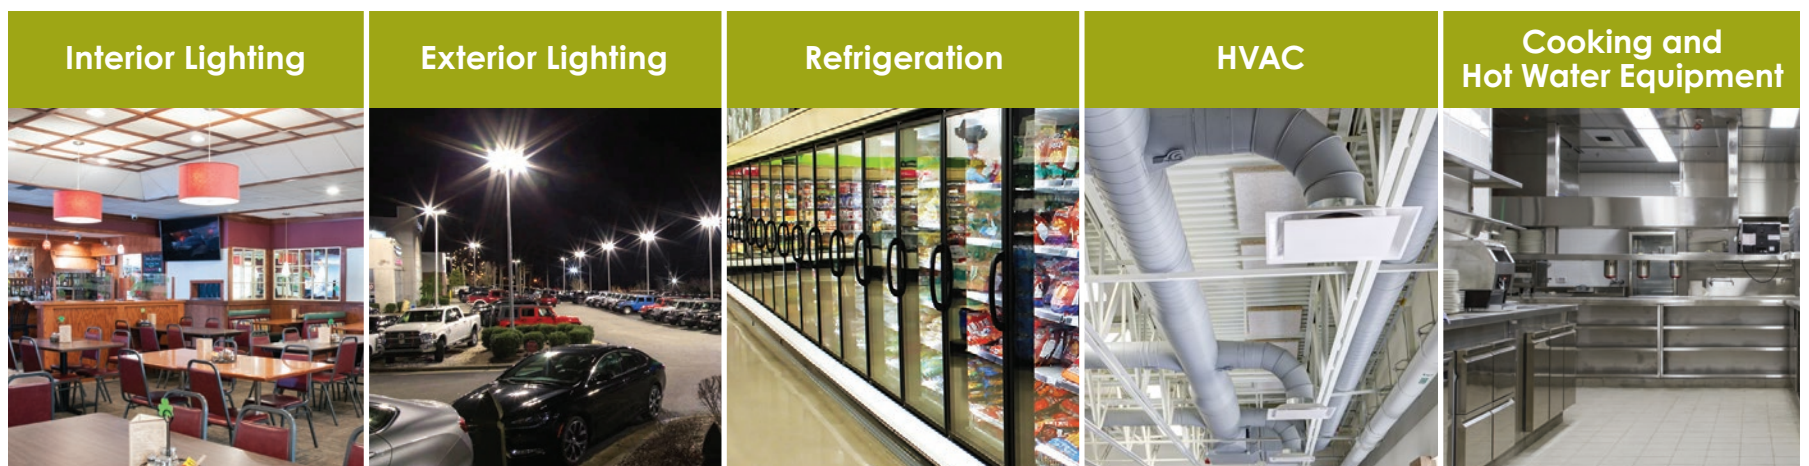

1 Perform a **FREE** energy assessment

2 Install new equipment and manage the entire process

3 Secure pricing incentives from PGW and PECO

NO UPFRONT COSTS — Easy affordable payment options available with WPFSI

Improve your business with these upgrades:

Get financial assistance for energy improvements with the PEA Small Business Energy Program.

Schedule your **FREE**, no obligation assessment today!
